President of the Miners' Federation Spends a Day on Witness Stand in the Haywood Trial.

Bolse, Idaho, July 11.-President harles H. Moyer, of the Western Federation of Miners, went to the stand Wednesday as a witness for Secreary Haywood, charged with murdering Frank Steunenberg, and bemaking positive denial of all the crimes attributed to him and the other federation leaders by Harry Orchard Mover offered an explanation of the unsolicited appearance of the federation of miners as the defender of Harry Orchard immediately after Orchard's arrest at Caldwell for the murder of Steunenberg.

Moyer swore that it was Jack Impkins who engaged Attorney Fred Miller at Spokane to go to Caldwell to represent Orchard, then known as Thomas Hogan, and that it was at the request of Simpkins that Mover and Haywood subsequently advanced \$1,-500 from the funds of the federation to meet the expense of defending Orchard:

At various stages of the recital the defense offered in evidence a number of documents, including a heretofore undisclosed clpher telegram which Simpkins sent to federation headquarters and the union at Silver City Idaho, covering the moves to protect federation; which was charged with the assassination of Steunenberg few days after the former governor was slain.

Mover began by saving that he got is first knowledge of the crime from he Denver newspapers and that on the evening of January 4, five days after the crime, a telegram in the federation's cipher came to Haywood from Spokane. It was long and the ranslation was difficult and uncerain, but he and Haywood figured the next day that it was signed by Simpkins and read: "Cannot get a lawyer to defend Hogan. Answer."

Moyer testified that he was suspicious about the message, the newspapers having already charged the crime to the federation, and that he decided to consult John Murphy, general counsel for the federation, before he took any steps. Moyer said he left for Chiago that afternoon, but that Haywood took up the case and opened ommunication with the union at Silver City and made arrangements to engage Attorney John Nugent to look after the interests of the federation and defend Orchard if necessary. The defense produced copies of this correspondence and all of it was read into the record.

Continuing Moyer said that Attorney Miller came to Denver about February 1, bringing with him the record fied, and brought a request from Capt. Fulmer was indicted for embez-Simpkins that the federation furnish zling \$272 worth of military property Attorneys Murphy and Miller and sub- months without leave, sequently gave Miller \$1,560.
